

# Biomedical Engineering and Environmental Engineering (Wit Transactions on the Built Environment)

Biomedical Engineering and Environmental Engineering consists of the accepted papers from the 2013 International Conference on Biomedical Engineering and Environmental Engineering (ICBEEE 2013) held in December, 2013, in Singapore. The multidisciplinary book includes contributions from academic and industrial experts from 26 different countries who work in the fields of Biomedical Engineering and Environmental Engineering. The peer-reviewed papers in the book cover the subject areas of Bioinformatics and Computational Biology (11 papers), Biomedical Engineering (19 papers), and Environmental Science and Technology (63 papers).
