

## The Many Deaths of Virginia Tech

Virginia Tech is Americas Cursed College, home to horrifying events from hit-and-runs to students being shot in the woods; prison escapes to public self-mutilations; police officers being gunned down to public beheadings; and of course, the notorious mass shooting that killed 33 people. But why is Virginia Tech the most infamous university in the United States? What is the reason for Virginia Techs many tragedies? Chuck Marsh has written the only book of its kind: a gripping and frightening account of the Hokie Horrors. The Many Deaths of Virginia Tech is a spellbinding chronicle -- an expose -- of an oversized American university locked in a death-struggle with itself -- or with unseen forces. This book takes the reader on a tour through the many crimes and calamities at Virginia Tech in the past decade: a no-holds-barred account of an out-of-control hunger for violence at an American university.
