

Awkward Moments with Men

They may not mean to make you blush, but they will. In their debut collection of essays, *Awkward Moments with Men*, Shannon and Megan create an uninhibited and earnest portrait of what it is to love and lust as young women stammering through perils of the modern world. Belonging in the hapless, hilarious, if not slightly sordid family of wordsmiths, *Awkward Moments with Men* introduces two strikingly original and endearing voices into the literary landscape. May you laugh, commiserate, and start a fund to help them pay for all therapy they're going to need once their parents read this.
