

The Second Book of Solos - Part II: Baritone/Bass Book/2 CDs Pack (Vocal Collection)

(Vocal Collection). More great classical material for progressing vocal students, from the leading American expert in teaching the young voice. The series started with *The First Book of Solos*, and then, at the same difficulty level, came *The First Book of Solos Part II*. *The Second Book of Solos*, originally released in 1993, is for singers who have taken voice a little longer and are capable of more challenges, but is still decidedly student-level material, and music that can be sung by good high school students. The new *The Second Book of Solos Part II* set is at exactly the same level as *The Second Book of Solos*. It shares the same features: a deliberate variety of music in different styles and languages, including a few sacred selections, with over 30 songs per book. Available as books only, or in packs with two CDs of piano accompaniments recorded by Laura Ward.
