

How Strong Is Your Love

The story of my life might be interesting to some and might not be to others, but what ever the case may be, what it boils down too is, that I have always ask myself How strong is love. One might say its only as strong as you wish it too be, or a feeling that can drive one mad. Maybe the feeling that youre on top of your game.. What ever the case may be, we all at one time or another have gone down that road. Yes, some of us have said I have come to far to turn back now. I will try to shed some light on How strong is love, some of us are confused about love and even some of us fear to admit that they love two different people at the very same time. I drought that I am not the only person who has a serious problem about love. There are millions of us, suffering the same effects of love, and loving two people I have always thought of a relationship is simply to have someone with who too share our lives with? Traveling the road together, can be a truly joyous Experience, it feels wonderful to have a loving partner by your side, in the good times and in the bad times.. I feel that the purpose of my relationship is that of becoming a more loving person. I learn I grow, I feel strong and my love for my mate grows and grows You no that real love is an amazing gift. We give to those who we like, love, and also to ourselves, because we are HUMAN we wont always get it right but we keep. On trying until we do get things right and in the correct order.. All stories must have some charters, even if they will be just stand-ins, Charters without a voice to express them selfs. Thats where society plays a roll. You, the readers are society, and also the jury, who will judge me as you follow me down this road. The ultimate betrayal and to walk away from her, only to wed another woman. The love for her, the fierce hunger and need consumed me, and echoed through my heart, only to realize later, that for over FIFTY years, I am still in love with that

woman.
