

Coffee Dates From Hell

This book is a work fiction. So if you want to read true dating stories, please look elsewhere. However, if you like fictional dating humor, you might enjoy this short entertaining book. When two single people meet for the first time, they often arrange a coffee date. Coffee Dates From Hell is a humorous fictional account of several very bad coffee dates. Many of these dates are disasters from the beginning. Others are destined to be train wrecks if the two people ever see each other again. The coffee dates include several famous people such as Abraham Lincoln, Albert Einstein, and J. Edgar Hoover. You'll also meet a range of colorful characters including a psychic, a cross dresser, and even a cannibal. The coffee dates include many funny twists and surprises. The humor is often silly, irreverent, and politically incorrect. Since not everyone has the same sense of humor, we recommend you read a few pages of the Look Inside preview before ordering.
