

RFID - State of the Art? (German Edition)

Studienarbeit aus dem Jahr 2006 im Fachbereich Informatik - Internet, neue Technologien, Note: 1,7, Universität der Künste Berlin (Institute of Electronic Business), Veranstaltung: Mobile Business, 5 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: Diese Frage, also ob RFID das wichtigste Thema in der IT Branche sei, war unlängst Bestandteil einer Umfrage auf der diesjährigen CeBit in Hannover. Wenngleich diese Frage in einem marketing-bedingten Zusammenhang gestellt wurde, stellt sie doch auch eine wichtige Problematik dar bzw. bietet sie Diskussionsgrundlagen für die nationale und internationale Wirtschaft in Bezug auf deren Entwicklungspotentiale.
