

## Silent Tears of a Preachers Wife: Women: The Forgotten Sufferers

My first experience as a wife and a mother came much later in my life compared to many of my peers. God gave me the time to get things right with Him first. Above anything else, I had to know Him - really know Him - intimately and sacrificially. Knowing how to relate to Him as my Heavenly Father and seeing how He made the heavens and the earth in perfect order, I realized that He also expects us to function in the roles of men as husbands and women as wives according to His divine order. In His divine order, women have suffered often - usually without anyone else but God knowing the depth of our suffering. For all the suffering women - whether single or married, I pray this book encourages you to examine yourself against the Word of God to see if you are in your ordained position. We cannot ask for the promises of Gods Word if we are out of position. For all the women who thought God had not seen all of their silent tears, I pray this book will show you just how much God loves you and wants to bless you!
