

Young Adult: Science Fiction and Dystopian Romance: Child of the Sun (Dark Immortal Gothic Romance) (Post-Apocalyptic Teen and Young Adult Romance)

During the life, we are taught to believe in some things. We are taught that there is a well-defined border between right and wrong. But, what is the truth? What lies behind this curtain that we call reality? The great disaster known as the Big Crash has wiped out America that we know. People live in tribes without any means of communication. Different gangs are roaming this wasteland, and cities are now fortresses of sin and debauchery. There are no more Gods, no more religions, and no more holy men. Young Adam has been taught that things such as these are long gone. However, his dreams are telling him otherwise. Now, Adam needs to take a leap into the unknown. He needs to fight for himself and for Lily his only true love. But, is love possible in the world without emotions and life? Will they be able to fight off the menaces of the society and live peacefully? **AUTHORS NOTE:** This is a short 8000-word stand-alone story with an HEA, so no cliff-hangers!
