

Piano In Color: Music Lessons for Mini-Musicians

You don't have to wait until your child begins school to start learning the piano - preschoolers can learn too! Jingle bells, Itsy Bitsy Spider and Mary had a little lamb, are some of the tunes your preschooler will learn to play using correct fingering for both hands, following a color/number system. With brightly colored notes, fun illustrations and lively play-along tracks, teachers love Piano In Color just as much as preschoolers do. Even parents with no musical knowledge will find that the Piano In Color books provide the information you need to introduce your preschooler to the piano. And some parents have even been known to start learning Piano In Color for themselves!
