

## Murder... Suicide... Whatever...

Fifi Cutter is an acerbic, bi-racial twenty-something, with family issues and a delightfully cynical world view. Just fired from her boring, but steady job at Colchester Casualty, she is barely making it as an independent insurance adjustor when her freeloading half-brother, Bosco Dorff, shows up with the news that their Uncle Ted has been murdered. Fifi is hired to investigate. Ted was an insurance broker to the starsporn stars. Posing as grief counselors, Fifi and Bosco interrogate a colorful array of suspects, including Ted's smoking hot mistress, his portly assistant, and his deadly competition, Corazon Villareal. Fifi zips around LA to check out the various and vaguely guilty suspects -- all classic LA characters. When Bosco disappears, however, Fifi is catalysed into immediate action, finding the unlikely killer and gaining an unlikely accomplice.
