

# I Died But I Got Better: My Journey To Becoming The Jaded Old Geezer

I Died But I Got Better is the fascinating and entertaining life story of Lance Von Prüm. He portrays his fantastic adventures in a humorous fashion all his own. His casual conversational style not only makes you feel as though you're at the pub together, sharing a pint but will keep you smiling and chuckling to the end. His numerous experiences include almost dying or nearly being killed a dozen or so times and his humorous descriptions reveal the insight gained from looking death in the face and then having your life handed back to you. Lances charming one-on-one style makes you feel like a part of the story as his clever descriptions paint vivid mental images that put the reader in the moment. Many of Von Prums claims are near unbelievable except for the dozens of his personal color photos that corroborate his story. He says that you just cant make this stuff up and has no need to fabricate or embellish. The subtitle of the book is, My Journey To Becoming The Jaded Old Geezer which references the present as Von Prüm relays the wisdom gained not just from age but a series of events that allowed him to transform his life. His continuously positive outlook is more than refreshing, it is contagious! You cannot read this book without laughing, learning something about yourself and being a little bit better, happier person. Action, adventure, humor, entertainment and insight, its all there. Its a Must Read.
