

## 23 Years, 23 Minutes, 13 Angels: An Ordinary Life Enlightened by Visions with Heaven-Sent Messages

We all dream, but what if your dreams were different? What if your dreams were full of clarity and messages, and you immediately knew their meaning in your life? What if some of those dreams were premonitions to prepare you for a terrible event to come, such as death? And what if some of those dreams gave you hope for the future, even when you were battling cancer? Call them what you will: visions, hallucinations, or even Divine Intervention—those dreams have been part of the landscape of Kate Hyland's life for decades. In *23 Years, 23 Minutes, 13 Angels*, the author takes readers on her miraculous journey in which numbers, visions, and spirituality have guided her often through challenging times of illness, loss and healing.
