All Hell will break loose, and by God I will lead it. The fascinating story of the life and work of a man who was a force for change in Irish and Northern Irish politics. Here, Currie pieces together the complex and dramatic machinations that brought Northern Ireland to its current political incarnation, giving a behind-the-scenes account of the people and the events that changed history. Alongside this tale of politics and politicians is the story of the private man, and the violence visited upon his own family because of his career.
