

Marry Smart...OR DIE

You're single, and it's pretty pathetic. If you want to find a good man to marry, do it while you're still at Princeton. If you don't, your options will only become fewer and fewer until you end up childless and alone at the age of 30. And by that point, you'll only have one option left: death. Written by The Princeton Momster, a Princeton graduate, who is a divorced mother living in her own world on the Upper East Side of Manhattan. Alyssa Wolff and Alison Leiby are New York City-based writers and stand-up comics. They both hold degrees from Ivy League colleges. Alyssa and Alison are both still single.
