

Goths, Gamers, & Grrrls: Deviance and Youth Subcultures

Goths, Gamers, and Grrrls: Deviance and Youth Subcultures introduces students to the sociological study of deviance, equipping them with the theoretical tools necessary to analyze various youth subcultures--and virtually any subculture--in new and fascinating ways. In this revised and updated second edition, author Ross Haenfler examines eight different youth subcultures in depth: skinheads, punk rock/hardcore/straight edge, hip hop, heavy metal, virginity pledgers, Goths, gamers and hackers, and riot grrrls. Each chapter begins with a brief description and history of the scene before exploring a specific sociological concept or theory.
