As a CCRN, she served as a staff nurse, clinical leader, preceptor and assistant nurse manager. During her time in critical care, she was additionally certified in pediatric chemotherapy, ACLS and as an ACLS instructor. Sue has worked at some of the top hospitals in the country, including Akron Childrens Hospital, Columbus Childrens Hospital (now Nationwide Childrens Hospital), Grant Medical Center and The Ohio State University Hospitals. In these settings, Sue gained extensive experience in adult surgical/trauma intensive care, neurosurgical intensive care, neonatal intensive care, pediatric intensive care and cardiothoracic intensive care. She has been an RN for over 28 years and received her Bachelor of Science degree in nursing from Kent State University. The CCRN exam is a 3 hour exam covering 150 multiple choice questions. The CCRN exams focus on three general populations: adult, pediatric and neonatal patients in the following subject categories: Cardiovascular, Pulmonary, Endocrine, Hematology / Immunity, Neurology, Gastrointestinal, Renal, Multisystem, Behavior / Psychological and Professional Care and Ethical Practice. Each exam is age specific and a large percentage of each test focuses on clinical judgment. A

smaller percentage of each test covers professional caring and ethical practice, which can address any age in the life span, in any of the tests.
