

This Game We Play (Volume 1)

Two childhood friends from Baltimore, whose paths in life are ultimately changed by one tragic event. Dee, who thought his life, had changed when he moved to Texas with his girlfriend, after being involved in a deadly robbery and murder, and his best friend Kevin, who at an early age was drawn to the gritty streets of the city by fast money, women and the status it brought. They will take you through the mean streets of Baltimore, Texas and the dusty back streets of Mexico. One of these young men has a plan and is going to do everything in his power to not become a number in prison or a statistic. The other one only has dreams of being the biggest drug pusher in his city and with the mind of a sociopath and a shipment of guns he exacts his anger on anybody that crosses him. Will Dee reach the goals that he set for himself and leave the game or will the nature of the game consume him? Will Kevin follow Dees lead and try to find an exit out of the game or will he fall victim like so many others before him? One thing for sure theyre both headed for an unlikely ending in This Game We Play.
