

# Travel Light, Travel Smart: Pack Less and See More of the World (A Minimalist Traveling Guide)

Traveling light is simply a better, more hassle-free way to go: you'll expend less energy by not hauling a heavy bag and less time searching through multiple bags to remember where you put that city map! With less to pack up at the end of your vacation, you can squeeze every last memorable moment out of your trip. Ultimately, you'll spend less time worrying and more time enjoying. You will also be following the advice of Antoine de Saint-Exupery, a famous aviator of the early 20th century, who once said: He who would travel happily must travel light.
