

Cat Country by JV Creative: A JV Creative Coloring Book

This book is a cat lovers dream, it features illustrations of cats doing whatever cats do. The images in this book are fun and whimsical and will provide many hours of entertainment and relaxation. Cats are wonderful creatures that can get into many funny situations, this book provides you hand drawn images of cats in country settings. The images also have been printed in smaller sizes in order to provide a challenge to the more advanced colorist. Cat Country also has many practice pages featuring the cats in the this book in order to practice color schemes. The drawings are hand drawn and no digital tools were use to create them, they are all original. The raw look of the hand drawn illustrations lends themselves to a more personal touch and more suitable for coloring. This book by JV Creative tries to present something different and outside the box that will be enjoyed by artist and fellow colorist.
