

Ramblings of a Haunted Mind: a collection of free verse poetry and prose vignettes

Ever wonder what its like inside an authors head? Well wonder no further! From Abandoned to Zombie its all in here (yes, I said: zombie poetry!). This collection of poetry and short prose pieces covers everything from the pure silliness of waterbears, to true love, intimacy, sex (from the truly sublime to its raucous and base nature), joy, emotional despair, mental illness, and yes, even murder. Theres something for everyone in this compilation of works, from the true complexities of poetic nature to the absolutely absurd and wild ramblings of the author. Modern, 21 st Century poetry is accessible to all readers as urban or spoken word, free-verse and traditional fixed forms, prosetry, and prose vignettes (short story snapshots). These works are thought-provoking and run the gamut from the easy-read to the intense and complex. The author holds nothing back, exploring from the mundane to the taboo, and takes the readers hand down a tangled path of picking through stones and bones to find the tiny diamonds of wisdom thrown in for good measure. A true cacophony of voices that are the ramblings of a parade of characters and things that haunt and skitter though an authors cluttered mind. We [writers] dont know where they come from, those proverbial critters that go bump in the night, were just the messengers. Tragic by nature.
