

Mastering Microsoft Frontpage 98

Dive straight into creating sophisticated Web pages and developing whole sites--no programming or HTML experience required. Rock-solid design insight from Internet publishing pros along with a convenient HTML reference and an entire chapter on publicizing your site set this book apart. Create impressive pages by following the detailed coverage on using animation, video, sound, active content, Java, and JavaScript. The CD offers an electronic version of the HTML reference, plus several valuable Web authoring tools.
