

## For Now...

For Now... is a superbly well-written memoir about transitioning from childhood to adulthood while mired in the life-changing diagnosis of cancer. When the author is well enough to resume young adulthood, she finds her views to be comically different from those of her peers. Take the journey of For Now... with the author as she learns that we cant have yesterday. We dont know tomorrow. This is a story about learning to be happy with For Now...
