

## Millionaire Quiz Master: Math (intermediate level)

Millionaire Quiz Master: Math (intermediate level) - Kindle Edition is based on the hit TV show Who Wants To Be A Millionaire? You will face up to fifteen (15) questions of increasing difficulty and increasing prize values. The values for these four questions are: \$100, \$200, \$300, \$500, \$1,000, \$2,000, \$4,000, \$8,000, \$16,000, \$32,000, \$64,000, \$125,000, \$250,000, \$500,000 and \$1 Million. Questions are multiple choice: four possible answers are given and you must choose the correct one. You have three lifelines to help you along the way, and they are: 1. Ask-me: Ask the system to answer the question. The probability it gives the correct answer is 75%. 2. 50% chance: this lifeline remove two of wrong answers. 3. Audience assistance: summon the help of the audience. Have fun with the quiz! NOTE: Each Millionaire Quiz Master series contains 3 sets quizzes.
