

Vailima Letters (Classic Reprint)

The writer was for many years my closest friend. It was in the summer of 1873 that a lady, whose gracious influence has helped to shape and encourage more than one distinguished career, first awakened my interest in him and drew us together. He was at that time a lad of twenty-two, with his powers not yet set nor his way of life determined. But to know him was to recognize at once that here was a young genius of whom great things might be expected. A slender, boyish presence, with a graceful, somewhat fantastic bearing, and a singular power and attraction in the eyes and smile, were the signs that first impressed you; and the impression was quickly confirmed and deepened by the charm of his talk, which was irresistibly sympathetic and inspiring, and not less full of matter than of mirth. I have known no man in whom the poet's heart and imagination were combined with such a brilliant strain of humor and such an unsleeping alertness and adroitness of the critical intelligence. But it was only in conversation that he could as yet do himself justice. His earliest efforts in literature were of a very uneven and tentative quality.
