

Newspaper 2.0: Your Guide To RSS

Whats RSS? And should you use it? Find out with our latest manual: Newspaper 2.0: Your Guide To RSS. This guide, from MakeUseOf staffer Kannon Yamada, explains everything you ever wanted to know about RSS. Youll find what this powerful information gathering tool is, its surprising history and its future. Theres a web technology that can find information on almost any subject on the Internet and spoon-feed it to you. Lets say that you are obsessed with Justin Bieber and want updates on his whereabouts at all times of the day and night. RSS makes this fantasy a reality; with the right software and subscriptions, you would receive every relevant piece of information immediately following publication, delivered to either your mobile device or desktop. Of course, if you are over 14, you probably have other interests. Dont worry, this technology can work for just about anything. And our manual will teach you everything you need to get the most out of it. This amazing free manual will show you: - The history of RSS, and what you need to use it- Where to find RSS feeds, and how to make your own when none exist.- Uses for RSS for everyone, with real life examples from an optometrist, a lawyer, job hunters, students, news junkies and more.- The best RSS readers to check out for all major platforms- Using RSS with social media, from Facebook to Craigslist to Twitter- Advanced tricks for real RSS fans
