

## Curse of The Blue Vagina and Other Stories

In *Curse of The Blue Vagina and Other Stories*, critically acclaimed Latina actress-writer-comedian Jonisha Rios, adapts her favorite plays into two fun novellas and a collection of monologues inspired by live interviews and conversations with women from all walks of life. The comedic collection of stories kicks off with the story of Cassandra Martinez. Just hours away from getting married she discovers she's cursed with a scary ailment that strikes good Latina women everywhere and keeps them from attracting the true love they deserve. She sets out to break the spell once and for all. In *Nude in New York*, Jonisha shares her own personal inspirational tale about her favorite aunt who teaches her a secret about the importance of a few cups of coffee. Overall this fun collection meant to make you laugh, feel inspired and walk away feeling appreciation for our precious, often funny lives. (Please note this is not a sex book although there is adult content and humor in the first novella, the overall content of the entire book is light and pretty clean. So if you're looking for that kind of book, this isn't it. Maybe the next book will be an erotic novel.)
